Little Rock, AR (Central)
Asheville, NC (Eastern)

“Developing and maintaining mobile and web apps, specializing in React and React Native frameworks. I love to design for future growth and I’ve never dealt with a bug I haven’t been able to solve.”

INDUSTRIES

Fitness & wellness, field service / logistics, two-sided marketplaces, ecommerce, faith-based & nonprofit, rideshare, gaming & hospitality

TECHNOLOGIES

React Native, Expo, Next.js, React, TypeScript, Swift, SwiftUI, Node.js, Supabase, PostgreSQL, Firebase, Stripe Connect, WebSockets, OpenAI Vision, PHP, Laravel, CakePHP, Ruby on Rails, Fastlane, CircleCI, GitHub Actions

Sept 2025–Present: Mobile Freelance

MyIndiePro

[Next.js](#) · [React](#) · [TypeScript](#) · [Supabase](#) · [PostgreSQL](#) · [Realtime](#)

Designed and built customer booking and operations software for independent service businesses, including mobile mechanics, materials delivery, tree services, and handymen. Supports estimates, scheduling/availability, customer-provider messaging, job management, verified pricing/time, reviews, recent work, and provider administration.

APS Environmental Services

[React Native](#) · [Expo](#) · [Next.js](#) · [TypeScript](#) · [Supabase](#)

Built B2B environmental testing workflow software with a customer mobile app for detailed service requests, photo/document sharing, and push/email status updates, plus an admin web portal for request processing, appointment scheduling, job-status management, and report delivery.

LockAtlas + LockAtlas Technician

[React Native](#) · [Expo](#) · [TypeScript](#) · [Supabase](#) · [Stripe Connect](#) · [OpenAI Vision](#)

Two-sided locksmith marketplace with live order updates, AI photo cost estimation, and radius-based job matching.

FitRoutine / GreenZone

[React Native](#) · [Expo](#)

Personalized weekly exercise/meal/habit planner with subscription monetization and guided meditations.

Players Pal

[React Native](#)

Casino rewards/engagement app with coupons and restaurant listings.

2018–2025: Global Enterprise Wellness and Field Services Mobile Development (Xplor Technologies)

Cross-platform mobile engineering (React Native and SwiftUI/iOS) across four products, building and deploying CI/CD pipelines (CircleCI, GitHub Actions, Fastlane) for up to 400 clients, leading teams of up to 5 developers across global time zones.

Spot Delivery Connect Mobile

[React Native](#) · [MobX](#) (migrated from Xamarin)

Led migration from Xamarin to React Native for a dry cleaning pickup-and-delivery logistics platform, including an offline-mode driver app.

TrueCoach

Swift · SwiftUI

Two-sided coach/client fitness coaching app with in-app chat and wearable/smartwatch integration for performance stats. Top-rated on the App Store (33K+ ratings).

MarianaTek

Swift · SwiftUI

Fitness studio booking and billing/scheduling, similar to ZingFit. ~400 clients.

ZingFit

React Native

Build automation for fitness studios - custom branding and customer scheduling. ~200 clients.

2018–2022: Mobile Freelance

React Native, cross-platform - focused on multimedia and payment processing, including multi-vendor branding.

Pocket Pushkah

React Native

White-labeled faith-based charity app, cloned and rebranded for 7–8 different organizations.

Fluid Running

React Native

Media player app for an aquatic fitness program.

Rosen Institute

React Native

Podcast player app for a large law firm.

2000–2016: Web Development

PHP · CakePHP · Ruby on Rails · Laravel

2015–2017: MyTown USA

Local events and coupons platform for regional businesses, designed to scale across multiple cities.

2013–2015: Central Valley Software

Agricultural analytics platform for a Central Valley, California business.

2008–2012: Harmony Designs

Custom-designed personal gifts ordering system for a private manufacturer, featuring a live online product preview (design-as-you-go), payment processing, shipping management, and SEO/web analytics.

2000–2004: Innovex Mortgage

Debt analysis and refinance tools for a California mortgage lender.

EDUCATION

San Jose State University

Bachelor of Science, Computer Science

Aug 1998 - May 2002
